What's involved

- Meetings are held for 1.5 hours, every 6 weeks.
- Participate in the delivery of locally focused community-led climate change mitigation and adaptation projects.
- Ensure delivery of the Climate Action Plan remains connected to community values, needs and aspirations.

About the Climate Action Plan

The Central Goldfields Climate Action Plan 2022-30 provides strategic direction for Council and community to work together on climate action through six priority areas and nineteen goals.

The Plan includes the following priority areas:

- Education, collaboration and mobilisation
- Built environment and transport
- Health and wellbeing
- Waste and the circular economy
- Renewable energy and energy efficiency
- Land and water
